HAT
height-adjustable desk

HONG DESIGN SERVICE

HAT Design

HAT is a revolutionary standing office desk that brings effortless operation to traditional sit-stand products. Ease of use is at the heart of HAT, as it seamlessly adjusts between sitting and standing postures without interrupting workflow. With a minimal aesthetic, HAT complements traditional offices and home workspaces.

Sit-Stand Quick Switch

HAT features an innovative counterbalance mechanism that enables users with fixed-height computer desks to transition from sitting to standing positions with ease. Its effortless functionality encourages users to be active and integrate movement into their days, which is vital for health.

Intelligent Application

HAT has clean, minimal lines that complement its modern functionality. Accommodating multiple sizes and shapes of tops, HAT can easily incorporate into any office or home environment.

HAT Technology

Using a latest mechanism that replaces older technology, HAT encourages an active workspace by allowing the user to move effortlessly from sit to stand positions.

1 Control Panel

HAT featuring OLED control panel with 4 position memories

4 Telescope Leg

Three leve telescope leg support allow adjustment range

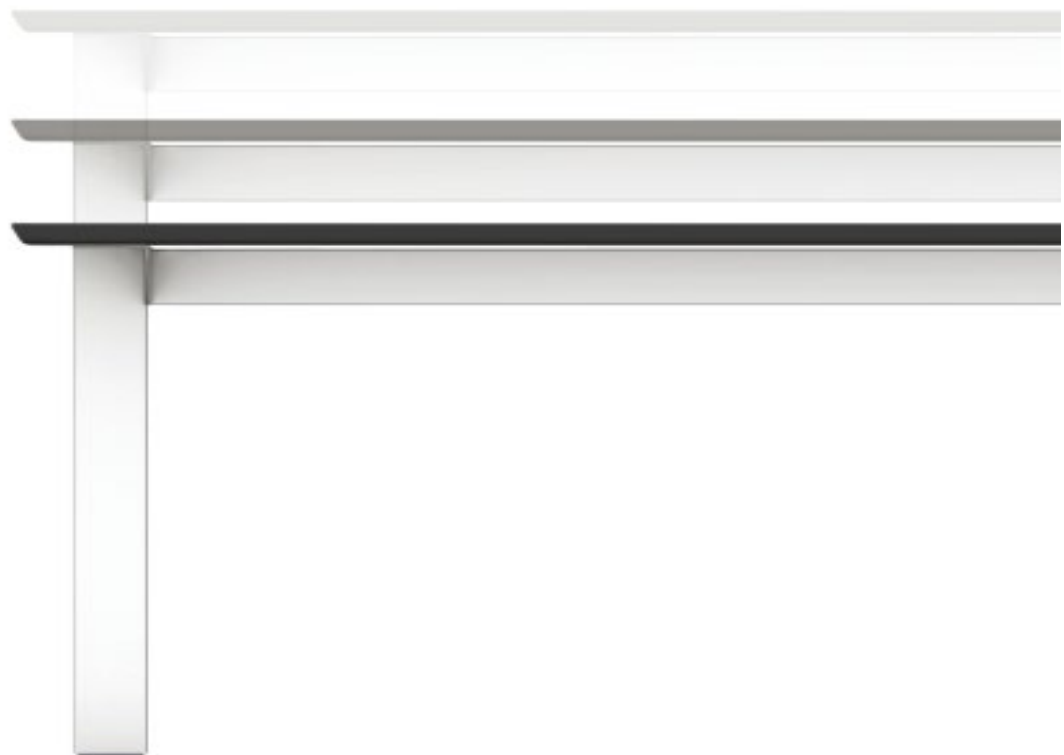

2 Work Surface

High quality LPL work surfaces options available

5 Casted Aluminum

High quality aluminum foot support with easy adjust levelling glide

3 Direct Drive

Design for Sustainable

Built from sustainable materials for years of dedicated service, HAT is a highly durable standing office desk. By incorporating recycled steel and minimal parts.

CERTIFICATION

U Pod

Demands For Creative Solution

The evolving office / commercial workspace continues to have new demand for creative solutions for communications, efficiencies, and comfortable working environment. U Pod offers a flexible and cost-effective solution that can be set up in different workspace areas

Peace Comfort Independent

U Pod provides a creative solution for a quiet isolated workspace for privacy, confidential and focus environment. It offers many possibilities and functions with different design dimensions customized for individual phone calls, multimedia solutions and small group short discussion meetings.

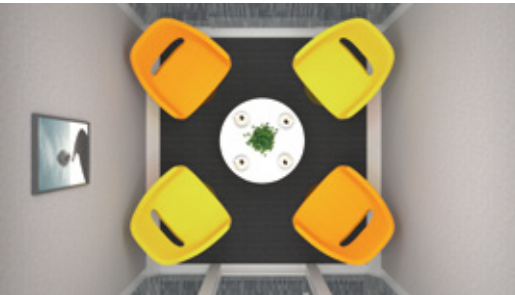

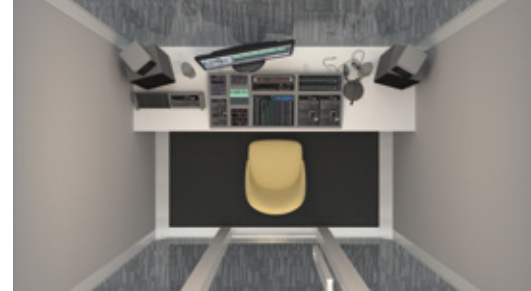

U Pod

A SYMBOL OF SILENCE AND PRODUCTIVITY

Modern open workspace encourages sharing, collaboration, and communication to enhance work efficiency with a comfortable and relaxed design working environment. This growing trend also changes the way how people work and poses challenges to privacy and silent spaces needed for day-to-day work performance and meeting operations.

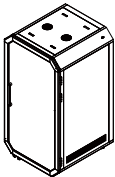

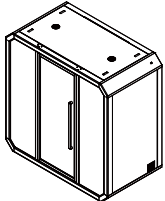

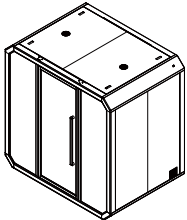

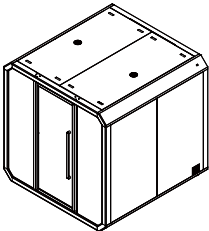

Collaborative areas

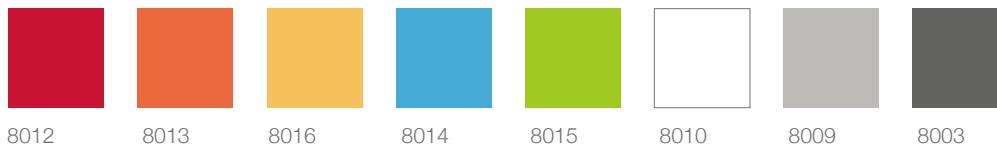

U Pod can be used as creative solutions in other work life such as education, Insurance, Telecom and other industries for contemporary smart working modules, Independent office, workshops & events, trainings & meetings, or other collaborative areas fostering silence and private spaces.
